

CLEANING AND FORESTATION ALONG THE KALKA SHIMLA RAILWAY TRACK

A major initiative to clean this has been taken by the Hon'ble High Court of HP. This is being supported in various ways by the state administration, the railways, students and teachers, civil society, the police and the Territorial Army. INTACH is an intrinsic part of this initiative.

The first phase of this cleaning drive is being launched on the 12th May all along the Kalka Shimla track. Several thousand students and others are expected to be a part of this movement.

Do join this initiative by being at any of the station on the 12th May.
